

Career Objective

I am a BCA student passionate about designing intuitive and engaging user experiences. With a strong foundation in computer applications and a creative mindset, I am actively exploring the world of UI/UX design to bridge the gap between technology and user needs. I am proficient in tools like Figma, Adobe XD, Canva, and Sketch, and I'm learning to prototype and design interfaces that are both functional and visually appealing. My goal is to create seamless digital experiences that solve real-world problems and delight users.

Skill Set

- **Technical Languages:** HTML, CSS, JavaScript, python, sql, c, c++
 - **Designing Skills:** Adobe Photoshop, CorelDRAW, Canva, figma
 - **Technical Tools & Platforms:** MS Office Suite (Word, Excel, PowerPoint, Access), MS-DOS, Strong computer literacy
 - **Soft Skills:** Excellent communication skills, Team collaboration & leadership, Adaptability and time management, Problem-solving & critical thinking
 - **Language Proficiency:** Hindi (Fluent), English (Proficient)
-

Hackathon & Innovation Experience

Smart India Hackathon (SIH): Participated in a national-level hackathon with a project titled "*Travel Buddy*" — a tech-based platform to enhance the tourism sector. Contributed to UI/UX design, idea development, and team presentations. Project aimed at smart travel planning and personalized tourism experiences.

Educational Background

- **Bachelor of Computer Applications (BCA)**

JECRC University, Jaipur | 2023 - 2027 (Pursuing) | CGPA (Semester 1): 8.65

- **Senior Secondary (12th), CBSE**

K.D. Jain Public School, Kishangarh, Ajmer | Percentage: 86.65%
